

2733 Updating Your Database Administration Skills to Microsoft® SQL Server 2005

Contents

Introduction

Course Materials.....	2
Prerequisites	3
Course Outline.....	4
Setup.....	6
Product Update Information	7
Microsoft Learning.....	8
Microsoft Learning Product Types.....	9
Microsoft Certified Professional Program.....	11
Facilities	14

Module 1: Overview of SQL Server 2005 Architecture

Overview	1
Lesson: Overview of SQL Server 2005.....	2
Lesson: System Enhancements for Administrators	34

Module 2: Installing SQL Server 2005

Overview	1
Lesson: Preparing to Install SQL Server 2005	2
Lesson: Performing a SQL Server 2005 Installation	11
Lesson: Maintaining a SQL Server 2005 Installation.....	23
Lab 2: Installing SQL Server 2005.....	26

Module 3: SQL Server 2005 Administrative Tools

Overview	1
Lesson: Using SQL Server Management Studio	2
Lesson: Using SQL Computer Manager.....	18
Lesson: Using the sqlcmd Utility	29
Lesson: Using the SQL Management Objects.....	43
Lab 3: Administering SQL Server 2005.....	54

Module 4: Monitoring SQL Server 2005

Overview	1
Lesson: Using SQL Profiler	2
Lesson: Using DDL Triggers	5
Lesson: Using Event Notifications	16
Lesson: Using Metadata Views	29
Lab 4: Monitoring SQL Server 2005.....	37

Module 5: Maintaining Databases and Indexes

Overview	1
Lesson: Managing Indexes	2
Lesson: Using the Database Tuning Advisor	19

Module 6: Securing SQL Server 2005

Overview	1
Lesson: SQL Server 2005 Security Overview.....	2
Multimedia: SQL Server 2005 Security Architecture	9
Lesson: Managing SQL Server 2005 Security	10
Lesson: Managing Permissions	32
Lesson: Managing Certificates	47
Lab 6: Securing a SQL Server 2005 Database	55

Module 7: Disaster Recovery

Overview	1
Disaster Recovery in SQL Server 2005.....	2
Lesson: Using Database Snapshots.....	4
Lesson: Backup and Restore Operations	13
Lab 7: Managing Disaster Recovery	25
Course Evaluation.....	31

Module 8: Data Availability in SQL Server 2005

Overview	1
Introduction to Data Availability.....	2
Lesson: Introduction to Database Mirroring.....	4
Lesson: Configuring Database Mirroring	14
Lab: Maintaining Availability	25

Module 9: SQL Server 2005 Replication

Overview	1
Lesson: Overview of Replication Enhancements	2
Lesson: New Types of Replication.....	10
Lesson: Configuring Replication.....	16
